June 20, 2026

Mairi Bosomworth, BA
Manager of Planning
City of Colwood

Dear Mairi:

Thank you for your June 17, 2026, email responding to the three key questions that we raised with you when we met at City Hall on Monday, June 15, 2026.

We found your response to be clearly and concisely written. It contributed significantly to putting our minds at ease with respect to understanding the history and future of Colwood Creek Park.

It also provided us with critical leads and direction needed to fully understand the legal status, and the various land-use zones and plans for the Park.

We also feel that we are now well prepared for the Public Hearing on the Colwood Creek Park ALR proposed partial exclusion application (June 22, 2026 at 6:30 PM) in the Council Chambers.

We look forward to having further dialogue with you should the need arise.

Sincerely,

Hilary Mackey
